

1. Cut in half

Use sissors to cut paper in half

Fold paper strip in half, repeat two more time for a total of 3 folds

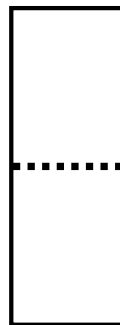

Unfold paper and fold in an accordian style along folds just created

Next turn paper so that the folded edge on top is to the left and the right side opens up

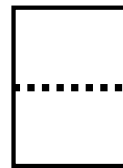

Next cut out templates on the dotted lines and use a pencil to trace them on to the folded paper. Be sure the edge of the template is touching the right side edge so the chain will connect

Carefully cut the traced lines and unfold carefully. Repeat to reach the desired length of garland & attach together with tapes or staples.

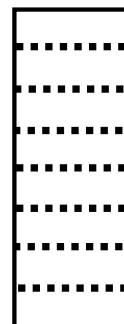

2. Fold in half

3. Fold in half again

5. Unfold paper

4. Fold in half for a 3rd time

6. Re-fold in an accordian style
